- ◇ Classes are held online, meaning they won't get in the way of your other commitments, and they are conveniently planned around school drop-off and pick-up times.
- ◇ Our focus is teaching English for Work, but you will also gain confidence learning general English and practicing day-to-day communication.
- ◇ Our tutors are dedicated to seeing you succeed. If you need extra support, you'll receive additional 1-1 support sessions.
- ◇ Once you have finished, you will have the opportunity to progress further onto higher qualifications.
- ◇ You will receive a certificate at the end of your course.

What happens when you enrol?

- ◇ You will have a face to face initial assessment in a group to help us determine your English level.
- ◇ We will then place you in a class according to your level of English, so the work is tailored to your needs.
- ◇ The first session will be an induction into the programme and the start of your learning journey.
- ◇ You will engage in virtual classroom activities with up to 12 participants throughout the course.

Other important information:

- ◇ Generally, ESOL courses run for 8-10 weeks, 4 days a week. Each class is two hours long.
- ◇ Please bring your electronic device to the initial session, so we can help you to set up an email account if required and show you how to log into a Zoom meeting.
